Professional Memberships

Mid-South Engineering's Civil Department provides complete site services ranging from property rezoning to final utility certifications. These services include rezoning, site layout, grading, underground utilities, storm water management, and local, state, and federal permits. The site development department supports Mid-South Engineering's industries related to process wood, along with traditional site development of commercial, institutional, multi-family, and municipal.

What We Do:

Land Development & Design:

- Site Evaluation
- Storm Water-Management
- Permits
- Roads
- Railroad Spur
- Woodyard Layout & Design
- Cold Weather Design
- Rezoning
- NPDES/SWPPP
- Layouts
- Utilities
- Infrastructure Design
- Grading
